Case No.

COMPLAINT FOR DAMAGES AND
INJUNCTIVE RELIEF

20 Plaintiff Intel Corporation ("Intel") alleges as follows:

21 1. This action arises from unauthorized use of the trade name and trademark INTELLUS,
22 and the domain name www.intellusinc.com, by Intellus, Inc. ("Intellus") to offer IT management
23 software and consulting services.

24 2. By using a trade name and trademark that wholly incorporate and emphasize the world
25 famous INTEL[®] trademark, Intellus has caused and is likely to continue to cause confusion that Intel is
26 the source or sponsor of Intellus's products and services, or that there is an association between Intel
27 and Intellus. In addition, Intellus's acts are causing, and/or are likely to cause, dilution of the INTEL[®]
28 trademark. Consequently, Intel seeks injunctive relief and damages under the federal Lanham Act (15

14 **II. INTRADISTRICT ASSIGNMENT**

15 6. This is an intellectual property action and therefore shall be assigned on a district-wide
16 basis per Civil L.R. 3-2(c).

17 **III. THE PARTIES**

18 7. Plaintiff Intel is a Delaware corporation having its principal place of business at 2200
19 Mission College Boulevard, Santa Clara, California, which is located in the Northern District of
20 California. Intel offers a wide variety of goods and services, which are sold worldwide and throughout
21 the United States, including in the Northern District of California.

22 8. Upon information and belief, Defendant Intellus, Inc. has a principal place of business
23 at 900 S. Wilmington St., Suite 219, Raleigh, North Carolina 27601. Intellus primarily offers
24 information technology ("IT") management software and consulting services under the INTELLUS
25 mark. Intellus promotes its goods and services at the website www.intellusinc.com. Upon information
26 and belief, Intellus targets customers nationwide over its website, including customers in California,
27 and has customers within this state. Upon information and belief, Intellus's customer base includes
28 national companies such as Verizon Wireless, Bristol-Meyers Squibb, and Progressive. Furthermore,

1 Intellus's website states that "we have been working with various North American organizations, with
2 different industry needs, to provide the support they need to take control of their asset management
3 programs."

4 **IV. INTEL'S BUSINESS AND MARKS**

5 9. Intel is a world-famous company that develops, manufactures and sells a wide variety of
6 computer, communications and internet-related products and services including components used for
7 web site design and hosting, marketing, consulting, business management, financial services, and new
8 technology development. Intel's customers include individual consumers, businesses, schools, and the
9 government.

10 10. For 40 years, Intel has used INTEL as a trade name, trademark and service mark to
11 identify virtually its entire line of products and services. INTEL is one of the most valuable, respected
12 and famous names and trademarks in the world. Indeed, *The Wall Street Journal* has regularly
13 recognized the INTEL mark as one of America's most valuable brand names. From 1995 to 2000,
14 *Fortune* magazine recognized Intel as one of the top ten "Most Admired Corporations in America," an
15 honor Intel has shared alongside such companies as General Electric, Microsoft and Coca-Cola. In
16 2007, the INTEL brand was ranked seventh in the world in Interbrand's Best Global Brands survey,
17 with an estimated value of \$31 billion.

18 11. One of the many areas in which Intel has had great success is the IT field. Moreover,
19 Intel offers IT management software and technology solutions. For example, its Intel® Server
20 Essentials software allows companies to manage their IT systems and assets. In addition, Intel®
21 Active Management Technology provides tracking of hard and software assets. Intel also offers IT
22 consulting services. For example, Intel® Solution Services provides consulting services relating to a
23 wide range of IT issues. Intel's IT professionals also provide IT related advice through its "IT@Intel"
24 discussion portal.

25 12. Intel uses INTEL as its "house mark" on or in connection with virtually every product
26 and service it sells. Intel also regularly uses its INTEL house mark in conjunction with hundreds of
27 other terms as the names of particular goods or services. Thus, consumers are accustomed to seeing
28 the INTEL mark combined with other terms to identify goods and services that originate from Intel. In

1 2007 alone, Intel sold over \$38.3 billion of INTEL branded goods and services and, in the last twelve
2 years, Intel has sold over \$364 billion of goods and services under the INTEL name and mark.

25 is valid and subsisting. Intel uses the notice of registration, "®," with its INTEL mark pursuant to 15
26 U.S.C. § 1111. A copy of this registration is attached hereto as Exhibit V.

27 14. In addition to using INTEL as a trade name, a trademark, and a service mark, Intel also
28 owns a large family of marks that incorporate INTEL as a prominent component of the mark. For

1 example, in 1991, Intel developed and launched a cooperative advertising and licensing program
2 referred to as the "Intel Inside® Program." As part of this program, Intel adopted and began to use the
3 trademarks INTEL INSIDE and INTEL INSIDE & SWIRL Logo (collectively referred to as the
4 "INTEL INSIDE Marks"). Additionally, it licensed the INTEL INSIDE Marks to PC manufacturers to
5 communicate to the end customer that the manufacturers' products, such as personal desktop
6 computers, laptop computers and workstations, were designed with genuine Intel microprocessors.
7 Among Intel's many thousands of OEM ("Original Equipment Manufacturers") licensees worldwide
8 are giants of the computer industry such as Dell, Gateway, Hewlett-Packard, IBM, and Sony. Intel's
9 OEM licensees have undoubtedly sold many billions of dollars worth of computer products bearing the
10 INTEL INSIDE Marks (this ubiquitous mark was changed last year to the INTEL mark). The
11 combined advertising expenditure by Intel and Intel's licensees under the INTEL INSIDE Marks has
12 averaged over one billion dollars for each of the last few years. Through extensive advertising and
13 promotion by Intel and its licensees, advertisements reflecting the INTEL and INTEL INSIDE Marks
14 have most likely created billions of impressions.

15 15. Intel is the owner of numerous U.S. trademark registrations for the INTEL INSIDE
16 Marks, including Reg. No. 1,705,796 and Reg. No. 2,179,209. Copies of these registrations are
17 attached hereto as Exhibits W and X.

18 16. Intel owns many other U.S. trademark registrations for its family of INTEL formative
19 marks. These include: INTEL INSIDE PENTIUM 4 HT, INTEL INSIDE PENTIUM 4HT
20 EXTREME EDITION, INTEL SPEEDSTEP, INTEL XSCALE, INTEL NETMERGE, INTEL
21 NETBURST, INTEL NETSTRUCTURE, INTEL VIIV, INTEL CORE, INTEL LEAP AHEAD, and
22 INTEL CORE DUO INSIDE. Copies of these registrations are attached hereto as Exhibits Y through
23 SS.

24 17. Intel is also the owner of several California trademark registrations for the mark INTEL
25 (CA Reg. No. 63565; CA Reg. No. 94220; CA Reg. No. 94221). Copies of these registrations are
26 attached hereto as Exhibits TT through VV.

27 18. Through its extensive use, Intel also owns common law trademark rights in INTEL and
28 its family of INTEL-formative marks, for all of the goods and services and activities identified herein.

1 19. Intel maintains an internet site on the World Wide Web at the address
2 <http://www.intel.com>. Intel has used its trade name and trademark as an internet address in order to
3 make it easy for customers to locate Intel's web site, and to identify that the web site is owned by Intel.
4 Intel's web site features the INTEL marks and many other INTEL composite marks.

5 20. As a consequence of the extensive sales, advertising, promotion, and use of the INTEL
6 and INTEL formative trademarks, Intel has developed enormous recognition for its products and
7 services under the INTEL mark and has acquired and enjoys an immensely valuable reputation and
8 tremendous goodwill under the mark. The INTEL mark is world renowned, and is a "famous" mark
9 for purposes of 15 U.S.C. § 1125(c)(1).

10 **V. INTELLUS'S BUSINESS**

11 21. Intellus, which maintains a website at www.intellusinc.com, offers IT management
12 software and consulting under the INTELLUS mark. Intel also offers software and consulting services
13 regarding IT management.

14 22. The INTELLUS trade name and trademark wholly incorporate and emphasize the
15 INTEL trademark. The dominant portion of the INTELLUS name and mark is virtually identical in
16 sight and sound to the world famous INTEL trademark.

17 23. Despite Intel's attempts to resolve the dispute amicably, Intellus has persisted in using
18 the INTELLUS trade name and trademark, leaving Intel no choice but to file this Complaint.

19 **FIRST CAUSE OF ACTION** 20 **TRADEMARK INFRINGEMENT** 21 **(15 U.S.C. § 1114)**

22 24. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs
23 1 through 23 of this Complaint.

24 25. Upon information and belief, Intellus was aware of Intel's business and its INTEL mark
25 prior to the adoption and use of the INTELLUS trade name and trademark.

26 26. Intellus either had actual notice and knowledge, or had constructive notice, of Intel's
27 ownership and registrations of the INTEL mark pursuant to 15 U.S.C. § 1072 prior to Intellus's
28 adoption and use of the INTELLUS trade name and trademark.

1 27. Intellus is using the INTELLUS trade name and trademark in connection with offering
2 of products and services without Intel's consent, and with knowledge of Intel's rights.

3 28. Intellus's unauthorized use of the INTELLUS trade name and trademark falsely
4 indicates to consumers that Intellus's products and services are in some manner connected with,
5 sponsored by, affiliated with, or related to Intel, Intel's licensees, or the goods and services of Intel and
6 Intel's licensees.

7 29. Intellus's unauthorized use of the INTELLUS trade name and trademark is also likely to
8 cause consumers to be confused as to the source, nature and quality of the products and services
9 Intellus offers.

10 30. Intellus's unauthorized use of the INTELLUS trade name and trademark in connection
11 with the offering of its products and services allows, and will continue to allow, Intellus to receive the
12 benefit of the goodwill established at great labor and expense by Intel and to gain acceptance of
13 Intellus's goods and services, not based on the merits of those goods or services, but on Intel's
14 reputation and goodwill.

15 31. Intellus's unauthorized use of the INTELLUS trade name and trademark in connection
16 with the sale of its goods and services deprives Intel of the ability to control the consumer perception
17 of the quality of the goods and services marketed under the INTEL mark, and places Intel's valuable
18 reputation and goodwill in the hands of Intellus, over which Intel has no control.

19 32. Intellus is likely to cause further confusion, or to cause mistake, or to deceive
20 consumers or potential consumers in violation of 15 U.S.C. § 1114.

21 33. Intel has been, is now, and will be irreparably injured and damaged by Intellus's
22 trademark infringement, and unless enjoined by the Court, Intel will suffer further harm to its name,
23 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
24 law.

**SECOND CAUSE OF ACTION
FALSE DESIGNATION OF ORIGIN
(15 U.S.C. § 1125(A))**

34. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1 through 33 of this Complaint.

35. Intellus's unauthorized use of the INTELLUS trade name and trademark falsely suggests that its products and services are connected with, sponsored by, affiliated with, or related to Intel, and constitutes a false designation of origin in violation of 15 U.S.C. § 1125(a).

36. Intel has been, is now, and will be irreparably injured and damaged by Intellus's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name, reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at law.

**THIRD CAUSE OF ACTION
FEDERAL TRADEMARK DILUTION
(15 U.S.C. § 1125(C))**

37. Intel realleges and incorporates herein by reference the matters alleged in paragraphs 1 through 36 of this Complaint.

38. The INTEL mark is world-renowned. It is a famous mark that is widely recognized by consumers, businesses and industry, and that identifies the products and services of Intel in the minds of consumers.

39. Intellus's unauthorized use of the INTELLUS trade name and trademark began after Intel's mark had become famous.

40. Intellus's unauthorized use of the INTELLUS trade name and trademark has, and will continue to have, an adverse effect upon the value and distinctive quality of the INTEL mark. Intellus's acts blur and whittle away at the distinctiveness and identity-evoking quality of the INTEL mark. Intellus's acts have diluted and are likely to continue diluting the famous INTEL mark in violation of 15 U.S.C. § 1125(c).

41. Intel has been, is now, and will be irreparably injured and damaged by Intellus's aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,

1 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
2 law.

3 **FOURTH CAUSE OF ACTION**
4 **INJURY TO BUSINESS REPUTATION AND**
5 **DILUTION UNDER CALIFORNIA LAW**
6 **(CAL. BUS. & PROF. CODE §14247)**

7 42. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
8 1 through 41 of this Complaint.

9 43. Intellus's unauthorized use of the INTELLUS trade name and trademark is likely to
10 injure Intel's business reputation, and has diluted, and/or is likely to dilute, the distinctive quality of
11 the INTEL mark and trade name in violation of the California Business and Professions Code §14247.

12 44. Intellus willfully intended to trade on Intel's image and reputation and to dilute the
13 INTEL trademark, acted with reason to know, or was willfully blind as to the consequences of its
14 actions.

15 45. Intellus's wrongful acts have caused and will continue to cause Intel irreparable harm.
16 Intel has no adequate remedy at law for Intellus's dilution.

17 46. Intel is therefore entitled to a judgment enjoining and restraining Intellus from engaging
18 in further acts of dilution pursuant to California Business and Professions Code § 14247.

19 **FIFTH CAUSE OF ACTION**
20 **INFRINGEMENT UNDER CALIFORNIA LAW**
21 **(CAL. BUS. & PROF. CODE § 14245)**

22 47. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs
23 1 through 46 of this Complaint.

24 48. Intellus's unauthorized use of the INTELLUS trade name and trademark in connection
25 with the sale, offering for sale, distribution or advertising of its products and services is likely to cause
26 confusion or mistake or to deceive as to the source or origin of its goods and/or services in violation of
27 California Business and Professions Code § 14245.

28 49. Upon information and belief, Intellus's infringement has been with knowledge of Intel's
rights.

1 50. Intel has been, is now, and will be irreparably injured and damaged by Intellus's
 2 aforementioned acts, and unless enjoined by the Court, Intel will suffer further harm to its name,
 3 reputation and goodwill. This harm constitutes an injury for which Intel has no adequate remedy at
 4 law.

5
 6 **SIXTH CAUSE OF ACTION**
COMMON LAW PASSING OFF
AND UNFAIR COMPETITION
 7

8 51. Intel realleges and incorporates herein by reference the matters alleged in paragraphs
 9 1 through 50 of this Complaint.

10 52. Intellus's unauthorized use of the INTELLUS trade name and trademark constitutes
 11 passing off and unfair competition of the INTEL mark in violation of the common law of California.

12 53. Intellus's wrongful acts have caused and will continue to cause Intel irreparable harm.
 13 Intel has no adequate remedy at law.

14 54. Intel is entitled to a judgment enjoining and restraining Intellus from engaging in further
 15 acts of infringement and unfair competition.

16
 17 **SEVENTH CAUSE OF ACTION**
UNFAIR COMPETITION
(CAL. BUS & PROF. CODE § 17200)
 18

19 55. Intel realleges and incorporates herein by reference the matters alleged in Paragraphs 1
 20 through 54 of this Complaint.

21 56. Intellus's acts described above constitute unfair competition in violation of California

23 57. Intellus's acts of unfair competition have caused and will continue to cause Intel
 24 irreparable harm. Intel has no adequate remedy at law for Intellus's unfair competition.

25 58. Intel is entitled to a judgment enjoining and restraining Intellus from engaging in further
 26 unfair competition.
